Terms and conditions apply

Number porting may take anywhere from 2 – 4 weeks depending upon carrier and approvals. Physical Phone Connectivity Options are available with SMITHSolutions' phones and adapters only and must purchase separately. E-Fax option is not provided through a separate number. Customers much purchase a dedicated separate line at \$14.99 for a separate fax. Setup for plans takes anywhere from 24 – 48 hours (business days). Cost does not include additional switch hardware if necessary. Onsite installation rates are \$150 / hour where applicable. Customer must have a high speed internet connection for service to be delivered.
